

Sunday @ 9

Monday, 15 May 2006

Last Updated Friday, 25 May 2012

Just as it's important to connect with people at similar stages in life, so it's also important to gather together as a whole family group. That's what "church" really means - a gathering, meeting or assembly. Historically and traditionally we come together for larger group, or 'corporate' (meaning a body of people) worship - involving songs of praise, prayers, news sharing and general teaching. These are significant times of inspiration together.

Our blend of traditional and contemporary styles aims to help all people worship God together. Our main event features a mix of music, prayers, readings and biblical teaching followed by a friendly cuppa! Children can enjoy a range of activities either in the service or supervised by an authorised leader in our classroom after the first segment.

Every Sunday at 9am
